

THE EXCELLENCE DISTRICT — BUSINESS LINKS & OPPORTUNITY DIRECTORY

Verified: September 13, 2026

PURPOSE

Keep the network's public business, education, service, and opportunity links organized in one place while clearly identifying which entity or external company owns the underlying offering.

THE EXCELLENCE DISTRICT

Website:

<https://excellencedistrict.org>

Public contact:

khuel@excellencedistrict.org

Purpose:

Public ecosystem, community navigation, education, opportunities, resource discovery, member connections, and broader District experience.

HOW MONEY WORKS

Financial education link:

https://therealhowmoneyworks.com/us/c_ransom

Purpose:

External financial-education pathway currently used in the licensed financial-services lane.

Display standard:

"Explore financial education"

Boundary:

This route is separate from ordinary Excellence District services. Do not imply that The Excellence District owns, issues, guarantees, or independently approves financial products made available through an outside licensed-company pathway.

LIVEMORE

Opportunity link:

https://livemore.net/o/c_ransom

Purpose:

External business-opportunity / licensed financial-services pathway.

Display standard:

"Learn what the opportunity involves"

Boundary:

Use only with current authorized role language, required disclosures, and applicable company/platform compliance. Do not present participation as guaranteed employment, guaranteed income, or an Excellence District job.

NETERVERSE VIRTUAL SOLUTIONS

Public service site:

<https://solutions.excellencedistrict.org>

Purpose:

Commercial AI and business-systems implementation, including automation, websites, applications, dashboards, operating systems, knowledge systems, connectors, agents, and related virtual solutions.

Suggested Resources Center card:

“Need it built? Explore AI & systems implementation.”

BRANDED NETWORK ENDPOINTS

The Excellence District:

<https://excellencedistrict.org>

Neterverse gateway:

<https://neterverse.excellencedistrict.org>

Status: Canonical branded endpoint; custom-domain attachment must be verified before representing it as live.

Application / platform:

<https://app.excellencedistrict.org>

Status: Canonical application endpoint; verify current hosting and DNS attachment before public promotion.

Resources Center:

<https://resources.excellencedistrict.org>

Status: Reserved canonical endpoint for the Resources Center build.

NTE Virtual Solutions:

<https://solutions.excellencedistrict.org>

Status: Canonical branded endpoint replacing public use of provider-issued hosting URLs; custom-domain attachment must be verified before representing it as live.

PUBLIC LINK GOVERNANCE

Each link should have:

- Display name

- Destination
- Owner / issuer
- Purpose
- Audience
- Commercial / affiliate / regulated disclosure
- Last verified
- Approval status
- Replacement history if URL changes

LINK ROUTING PRINCIPLE

Education should lead to the most appropriate next step without blending lanes:

- General financial education → How Money Works where approved
- Licensed opportunity inquiry → LiveMore where approved
- AI / automation / systems implementation → Neterverse Virtual Solutions
- General community / resources → The Excellence District
- Training / mentorship → Resources Center / Member Expertise Exchange

DO NOT

- Hide the actual provider
- Present third-party links as District-owned services
- Mix an insurance/recruiting inquiry into an AI-service intake
- Use an opportunity link without current compliance review
- Promise income, approval, funding, investment results, or guaranteed business outcomes
- Add tracking or affiliate parameters without accurate disclosure

Future verified links may be added to this directory as brands, products, newsletters, communities, courses, and service pages become publicly ready.
